LEE FIRE DEPARTMENT REPORT FOR 1965

The Lee Fire Department answered 51 calls in 1965 plus many calls from the fire towers; twice as many as in any previous year since 1949.

The total fire loss is estimated at less than $1,000.

There were 9 building fires, 17 woods and grass fires, 8 unauthorized dump fires, 7 out-of-town fires, 6 car and truck fires, 2 chimney fires and 2 false alarms. Outside help was called in on 4 occasions.

Numerous calls from the fire towers to investigate smokes were all checked out.

About 40 acres of grass and woodland were burnt over.

Quick response by the department kept most of these fires to minimum size and expense.

Many thanks to everyone who has contributed to our effort to reduce the fire loss in Lee.

Again we remind you that the fire phone number is 9-3900 and is to be used just for emergencies. For fire permits the numbers to call are 9-3447 or 9-3858.

Meetings of the department are open to anyone and you are welcome to belong or just come to visit.

Respectfully Submitted,
Lloyd F. Stevens, Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the

line against such careless acts. It is up to each one of us to be ever mindfull that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely despose or rubbish preferably at the town dump. If you must burn rubbish or brush;
   a. Always get a permit to burn from the warden.
   b. Start your fire late in the day after 5:00 pm.
   c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.
